The History of JCI Creed

The year was 1946; the place, Milwaukee, Wisconsin, U.S.A.; the event, the United States Junior Chamber National Convention. Visitors came from Canada, Mexico, South America, Europe and the Philippine Islands. It was here that the idea of a JCI Creed was born.

Past President of the Ohio Junior Chamber and National Vice President of the United States Junior Chamber C. William Brownfield realized at this convention that the organization did not have a Creed. He was inspired by the devotion of Junior Chamber members "to the purpose of serving mankind in a thousand different ways, right down at the grass roots where freedom lives or dies."

Brownfield saw Junior Chamber as "the potential for a new force in the world, one capable of changing the balance between victory or defeat for our chosen way of life in a time of crisis."

The actual writing of the Creed took place in July 1946 during a drive from Brownfield's hometown of Columbus, Ohio, to his coal mine in New Lexington, a journey of about 75 minutes. He started that journey with a firm conviction in his mind to work on the Creed. It was during that trip that the following words came to mind and were put on paper:

The brotherhood of man transcends the sovereignty of nations.
Economic justice can best be won by free men through free enterprise.
Government should be of laws rather than of men.
Earth's great treasure lies in human personality.
Service to humanity is the best work of life.

In 1950 the first line, "We believe that faith in God gives meaning and purpose to human life." was added. Since it was written, Junior Chamber members all over the world recite the Creed at local, national and international meetings and functions. During that time there has been much discussion of the interpretation of the Creed. The author himself said, "Every Member is free to interpret the Creed in the light of his own conscience."

The JCI Creed

We believe:
That faith in God gives meaning and purpose to human life;
That the brotherhood of man transcends the sovereignty of nations;
That economic justice can best be won by free men through free enterprise;
That government should be of laws rather than of men;
That earth's great treasure lies in human personality; and
That service to humanity is the best work of life.

Message from President

Warmest welcome!

Thank you all in joining us in this memorable occasion, the 38th Inauguration cum Award Presentation of Island Junior Chamber.

Since our inception in 1966, Islanders have a tradition of working hard and playing hard. There is no hesitation from us to do everything good for the betterment of our organization and the society. In 2004, we have well planned for a series of events and visits so as to bring our commitments to the world.

Membership, public relations and community development will be our highlights.

Extensive membership program will be executed in expanding our base, as well as quality training for our members so that we will be even better equipped with necessary qualities. We will focus on more quality manpower to create positive changes.

In addition to our solid relationships with all other local JC chapters, we will further establish and develop connections in the community. Partner relationship will be initiated with some other well-selected non-governmental organizations, such as AIESEC in the Chinese University of Hong Kong, whom we will be joining hands to provide opportunities for youngsters to experience. More opportunities are being explored.

Featuring our community service projects. "The 3rd Healthy Living Drawing Competition" will be organized in the theme of public health and cleaning Hong Kong will extend awareness of school students on the selected subject. "Youth Congress" will be held in summer time before the next Legislative Council election. Local high school and university students will have a chance to learn meeting procedures and to discuss the well being of our society. Another highlight will be "The 23rd Shell / Island Jaycees Scholarship for the Disabled" This year we will be working closer with our partner, Shell Hong Kong Limited, to push the event to a new height, encouraging more disabled students and to recognize those who have positive achievements.

Islanders are ready at the edge to overcome global challenges. I would like to invite you, to join us with your hands, to unlock the potential and create positive change to the world.

"Island JC – The World Unleashed" Thank you very much.

Stanley Chen
President 2004

Message from Mr Andy Ku, Shell Hong Kong Limited

Youth is a society's most valuable asset. Since they belong to the future as well as the present, they are essential to the success of the sustainability of a community.

Over the years, the Island Junior Chamber has been contributing to the well-being of youngsters in Hong Kong and, ultimately, to the betterment of Hong Kong society. Their vision in personal and community development, and spirit of cohesiveness, has been realised in a wide range of activities, which, in turn, have unleashed the potential and creativity of many young leaders in Hong Kong.

As a close partner of the Island Junior Chamber for over 20 years, I am sure we shall continue to work hand-in-hand for a better Hong Kong.

I would like to take this opportunity to express my heartfelt appreciation to the past directors, for their dedication shown in the past years. I would also like to congratulate the newly elected board of directors and wish them every success in the coming year.

Andy Ku, Director
Shell Hong Kong Limited

Message from Ms Linda Lau, AIESEC-LC-CUHK

Congratulations to Island JC on its 38th Inauguration.

Under the similar vision of 'making better people to create a better world', a decade has swiftly passed since the establishment of partnership between JCI Hong Kong and AIESEC in HONG KONG in 1993. Our spirits, however, never grow old; the passion that we shared, the effort that we paid, and the synergy that we generated keep nourishing our relationship.

By the endeavors of both sides, we are glad to see that more cooperation has been extended to the level of Local Chapters these years which definitely paved way for further development of young people. In the coming year, I honestly look forward to witness JCI Hong Kong continuously bringing positive changes to university students through our combined effort.

Wish you all the best in the coming year.

Yours AIESECly,

Linda Lau, Local Committee President
AIESEC-LC-CUHK session 2003-2004

Message from National President

A new year always signifies excitement and wishes, so does this to a new term of office. I would like to congratulate President Stanley and his Board of Directors in embarking for a new journey and send my wishes for their every success.

When Hong Kong is revitalizing her energy and mega-characters, our big family is showing our vigor. The NOM would like to support the LOMs in whatever means we can. With our theme "Entrepreneurs in Action" this year, it is our ambition that we can build our strengths upon meritocracy and professionalism in a well-built organizational framework, particularly towards the areas of finance, membership, public relations and leadership.

JC is our home. Let's make it warm and let our members feel it warm and grow up being the bright stars.

Let's progress together. Love being in JC members and with it.

Wish you all and Island Junior Chamber a fruitful and prosperous 2004.

Frank Pak
National President 2004

Message from National Assigned Executive Officer

The Inaugural Ceremony marks the beginning of a new term of office. May I send my heartiest congratulations to Island Junior Chamber on the occasion of the inauguration.

At the early year, I think all Chapters and board members should have brainstormed from time to time and are busy to prepare for this coming year. So, I hope all of you will follow the schedule and take action to achieve your objectives!

Although we are facing the adverse economic situation, members of JCI Hong Kong will strive hard to tackle all difficulties especially membership. We should join all our hearts and hands to add more value to our organization that will attract and retain quality members. As the National Assigned Executive Officer, I of course, will try my best to work together and assist for any challenges.

Under the leadership of President Stanley, who has a very clear vision and mission for himself and the Chapters, I believe Island Junior Chamber will have a very successful year. So, "Island JC - The World Unleashed" ..... let's get set , and here we go!

Last but not the least, may I wish you all the best and a prosperous New Year!

Ada Koo
National Assigned Executive Officer
National Vice President 2004

Message from President, Makati Jaycees - Philippines

On behalf of the members and officers of the Makati Jaycees, we would like to convey our best wishes to the 2004 Officers of the Island Hong Kong Jaycees led by President Stanley Chen on your 38th Induction and Turn-over Ceremonies.

With a new batch of dynamic leaders who will take the helm of leadership to spread and impart the tenets of our creed. We would like to commend you in taking that opportunity and challenge to develop new leaders and opening new avenues for all the members.

Keep that fire burning and the passion of serving humanity is still the best work of life.

Mabuhay Island Hong Kong Jaycees!

Message from President, Manileña Jaycees - Philipines

To envision and understand what thirty-eight years of leadership development excellence to the Jaycee ideal means is both easy and hard. It is easy to understand that we share common beliefs and standards; it is hard to realize that thirty-eight years have passed as you have all worked to maintain and realize those benefits.

The Island Junior Chamber, one of the most dynamic Jaycee chapters organized in Hong Kong can take pride of its unparalleled history and the wealth of leaders it has produced over the past thirty-eight years. The fact that your chapter has produced outstanding business leaders, winning major awards in almost every Asia-Pacific Conferences and World Congresses, and your dynamism in your own communities, speak highly of the leadership training of the Island Junior Chamber.

The prestige that goes with the name Island Junior Chamber is indebted to the wisdom that your Past Presidents have imparted to its future leaders, many of whom have served in positions of great distinction, both in government and in business circles. Since 1966, when your Charter President Mohan Gidumal assumed the helm of your organization, Island Junior Chamber slowly rose to great prominence in your community.

Likewise, the projects you initiated, such as the "Green Living Children Drawing Competition," the "Census of Senses" Fund-raising party, and the Youth Congress have been commendable. I cannot help but wonder what your community would have been like if your chapter never existed. But even more so, I wonder what your community will be like in the next thirty-eight years because it does.

As your fiscal year comes full circle to welcome another new beginning, let me congratulate outgoing President Peter Chow, for his outstanding year-long service to Jayceeism and holding the Island Junior Chamber flag of excellence for 2003. I am confident that President-elect Stanley Chen and his equally dynamic board will fare even better under their theme of "Entrepreneurs in Action!"

On behalf of the Manileña Jaycees, your sister chapter, I would like to congratulate the Island Junior Chamber, and wish you success in your 38th Induction Ceremonies as you continually strive for a better Hong Kong!

Best regards,

Aileen K. Siy, 2003-2004 President
Manileña Jaycees, Inc., Philippines

Message from President, Bukit Mertajam Jaycees - Malaysia

On behalf of Junior Chamber Bukit Mertajam, I would like to congratulate President JC Stanley Chen and his board and all members of Island Junior Chamber on the occasion of 38th Inauguration cum Presentation Banquet.

This year is 20th anniversary of Junior Chamber Bukit Mertajam and Island Junior Chamber signing sisterhood pact. In these 20 years, the members from both sides have contact regularly. Our relationship in all these year is very good and hope we can maintain it in the coming year. The President theme of Island Junior Chamber "The World Unleashed" is truly reflects the vision and mission of the leaders of the chapter.

I am confident that under the leadership of JC Stanley Chen and his boards, Island Junior Chamber will move ahead and achieve greater height during the year 2004.

Ung Teow Hong, President
Junior Chamber Bukit Mertajam, Malaysia

Message from President, Sendai Jaycees - Japan

Dear all Islanders,

On behalf of Sendai Junior Chamber Inc., I deeply congratulate your 38th inauguration in the beginning of the year, 2004.

A solid sisterhood relationship has just been 10 years since the 48th JCI-World Congress was held in Hong Kong in 1993. Last year, we could have a large number of delegates not only from Island JC but whole Hong Kong when we hosted the 52nd JCI-ASPAC SENDAI 2002. Special thanks goes President Stanley who was the organizing committee Chairman of the Hong Kong delegation.

In the next decade of our sisterhood relationship, I am sure we will expect our members to collaborate as much as we can, not only within JC, but to contribute to the betterment of our society. We will act passionately, as real "Entrepreneurs in Action"

Wish you all a fantastic year of 2004!!

Takahiro "Tak" Goto, President
Sendai Junior Chamber Inc., Japan

Message from Founder President

It is wonderful to see how ISLAND has grown over these last Thirty-Eight years.

In the expansion of the old NOM com LOM Hong Kong Junior Chamber into Victoria, Kowloon and then Island, it was a great pleasure and privilege to be invited to be the Founder President of the third Jaycee Chapter, Island Junior Chamber.

I am certainly glad that is still known as the PLAYBOY chapter even though its perhaps the BEST of the best Jaycee Chapters and I am sure under Stanley's leadership Island will continue to play an important part in the Jaycee movement in Hong Kong.

With all good wishes.

Mohan Gidumal, Founder President

Message from Presidential Advisors (1)

Congratulations to President Stanley and the 2004 Island JC Board of Directors!

I am confident that with capable leadership of President Stanley, Island JC will enjoy another year of success.

Excel Island JC dynamic and pioneer "The World Unleashed"

Brian Soo, Presidential Advisor
President 1986

In the beginning of the year, it is my great pleasure to congratulate the new board of Island Junior Chamber on their aspiration to drive our beloved chapter to new highs.

Since the beginning, Island is well known for the dynamic professional membership and innovative projects. We also feel the strong bond of brotherhood, which I feel strongly especially in recent months, as evidenced by our high proportion of active members in various activities. I am confident that under the capable leadership of our President Stanley, the energetic and creative board of directors can bring success and glory to Island in the year 2004.

With warm regards.

SC Mok, Presidential Advisor
President 1996

As one of the many Past Presidents of the Island Junior Chamber, I am both honored and delighted to have opportunities to serve the Organization as the Presidential Advisor and work with all capable, young, energetic as well as creative Board of Directors, who are going to explore all the four development opportunities (Individual; Community; Internationalism; Business) in order to create "Positive Change" among themselves and so do the community. In the meantime, I would like to congratulate all Officers during this memorable occasion. No doubt under leadership of our President Stanley Chen, 2004 will be a prosperous year.

Jacky Lam, Presidential Advisor
President 2000

Message from Presidential Advisors (2)

Inauguration is a solemn ceremony in which officers committed themselves to the betterment of the organization. But well before the ceremony, President Stanley and his fellow officers have already demonstrated their whole-hearted dedication in their past performance both at chapter and national levels. It is a real challenge to take up an officer post during the current tough economic atmosphere. However, I am fully confident and have no reservation that under the capable leadership of President Stanley together with his dedicated officers, Island Junior Chamber will have another fruitful and remarkable year.

May I tender my best wishes to President Stanley and his officers, and share their happiness at this remarkable moment.

Brian Cheung, Presidential Advisor
President 2002

Island was founded in 1965 by a group of energetic young professional and executives. Islanders were then well known in the Hong Kong JC circle as "JC Playboy" because of its quality of membership, and the high quality of the projects.
Islanders had created various remarkable historic projects such as the 1st Solar Energy House in Hong Kong; The Pop Folk in the late 60 to early 70, the long lasting Island Shell Scholarship etc. etc during the past 4 decades.

I enjoy very much being a "Playboy" because of it is a compliment, it is absolutely not easy to be a "Playboy", you must be well educated; be a professional or got a good job in those reputable big firms, able to speak fluent English, be a good dancer, always dress in fashion; with plenty of young and charming ladies telephone number in your phone book, with wide overseas contact, knowledgeable on various aspects. Although times have past, but it is never those were the days. I'm really looking forward to our 21st century Islanders who could continue this "Playboy" legend forever and forever, cheers "Island Playboys"

Patrick Ng, Presidential Advisor

Message from Trust Fund Committee Chairman

On behalf of 2004-2005 Island Junior Chamber Trust Fund Committee, I would like to congratulate to the Inauguration of the Island Junior Chamber 2004 Board of Directors. Under the leadership of President Stanley Chen and the commitment of all the Board of Directors, I am sure that Island Junior Chamber will achieve another new height in 2004.

Island Junior Chamber Trust Fund was founded to support the community development projects of Islanders in order to bring betterment to our community as well as our country. In view of this, the Trust Fund Committee will take necessary approach to further develop the Fund and provide any support to our beloved Chapter in the CD Area.

Wishing you all the best in the New Year.

Duncan Tai, Trust Fund Committee Chairman 2004-05
President 1998

Message from Past Presidents serving 2004 National Board (1)

Since its founding in 1966, Island Junior Chamber was always one of the most active Chapters in Hong Kong to provide opportunities for the young men to develop all skills necessary to create positive change. We have our own culture, we work hard and play hard, and in the past years, no doubt that our members have created a memorable history to Island Junior Chamber.

Year 2004 should be another challenge to us, we are recovering from the previous years' economic crisis and we are still facing quite a number of threats. With the commitment of our 2004 Board of Directors and the leadership under our President Stanley Chen, I believe that Island will continue to shine in Hong Kong.

Taking this opportunity, I would like to wish you all the best in year 2004 and looking forward to seeing another fruitful year for Island. Congratulate on your inauguration.

Duncan Tai, President 1998
Chairman, Training & Development Council 2004

I am proud to be an Islander.

Since joining Island in 1995, I have participated in many projects and activities, and have witnessed the "Brotherhood" of Islanders - unite, unique and strong. We always upkeep our "Island spirit", and solve every challenges without fear. This makes Island JC interesting and attractive.

We are continuously looking for improvement on every aspect to make our chapter more enjoyable. Through those long-life community projects, leadership training, business seminars and our international relationship with sisterhood chapters throughout Asia Pacific, Island JC is the second-to-none choice for young entrepreneurs to explore their potential.

I would like to send my warmest congratulation to the Inauguration of Island JC Board of Directors and I believe that, under the leadership of Stanley, Islanders will experience another glorious moments in 2004.

Felix Cheng, President 1999
National Secretary General 2004

Brotherhood - I am one of the beneficiaries from Island JC. In a slim chapter, we always proud of organizing big events with very limited man powers in these few years, like National Convention in 1999, Asian IT venture capital forum in 2000 and our 9-weeks celebration of 35th Anniversary in 2001. Learning by doing is an old saying and it is the ultimate truth. Hence, I am going to contribute myself to our beloved organization by serving our national board in this year. I believe I would bring the knowledge and experience back to my mother chapter one day.

I, also, would like to take this opportunity to send my regards to the Inauguration of Island JC Board of Directors. Closely working with President Stanley in last few years, I do believe that President Stanley will drive our board of directors and members to another new height in 2004.

Be Happy!!!

Billy Ho, President 2001
National Publication Director 2004

Introduction of Junior Chamber International (JCI)

The organization founded in St. Louis, Missouri, U.S.A. by Henry Giessenbier in 1910. At that time Henry and his friends formed the Herculaneum Dance Club with the objective to preserve the conservative dance style. In October 13, 1915 his idea enhanced by Colonel H.N. Morgan to involve more in civic issues, and the Young Men's Progressive Civic Association formed.

In 1916, YMPCA change of name as Junior Citizens (JCs), then later become Jaycees. In 1918 JCs affiliated with St. Louis Chamber of Commerce and officially became St. Louis Junior Chamber of Commerce. After that this idea spread on U.S.A. and over the world. In December 11, 1944 representative from eight nations met in Mexico City and world organization Junior Chamber International was founded.

Name of JCI changed to Jaycees International in 1972. However, in 1988 Sydney Congress the name changed back to Junior Chamber International. Nowadays the JCI has over 400,000 membership in 13,000 communities throughout 80 member nations, and the headquarter situated in Coral Gables, Florida, U.S.A..

Junior Chamber is a people organization. People resort to violence when communication, understanding, patience, tolerance, reason and love cease to exist. Junior Chamber's plan is to offer opportunities to the members that will reinforce these positive qualities.

The idea is to bring people together. Many opportunities are created when people with various social, cultural, ethnic, religious, economic, and national backgrounds meet. At national conventions, Area conferences and world congresses, members come face-to-face with one another to share experiences and exchange ideas which lead to better understanding and cooperation.

A bond of brotherhood and genuine friendship is established as Junior Chamber members seek the ways and means to improve themselves and the world in which they live.

The purpose of Junior Chamber is to show the rest of the world:

That all human beings can be developed.
That all are equal.
That the world is interdependent,
That the world does not belong to humans, but that humans belong to the world.
That every human being is a citizen of the world.

Introduction of JCI Hong Kong (JCIHK)

The Jaycees Movement reached Hong Kong in 1949, when a Philippines Jaycee John Ng who was charged with the mission of converting Hong Kong to Jayceeism arrived in November. Through the introduction of Alex Ng to Rev. E. Bourke, former Director of Wah Yan College, Hong Kong, a meeting was arranged to meet a group of young businessmen and John explained to them the aim and purpose of the Jaycee movement. Eight days later, a sponsor group of Hong Kong Junior Chamber of Commerce was formed.

The movement then continued and finally on April 6, 1950, the inaugural general meeting of Hong Kong Junior Chamber of Commerce was held at the first Board of Directors was elected. One month later, in May 6, 1950, the Chamber was inaugurated by Mr. Roberto Vilanueva, JCI VP and the HKJCC was born.

In 1997 the HKJCC changed its name to Hong Kong Junior Chamber. The current membership over 1,300 and with 18 affiliated chapters in Hong Kong. Another change will happen during 2004 to become Junior Chamber International Hong Kong so as be inline with the new corporate identity of JCI as adopted in the 58th JCI World Congress Copenhagen held in 2003.

Introduction of Island Junior Chamber (1)

Established in 1966, Island Junior Chamber has always been one of the active chapters of the JCI Hong Kong. Island Junior Chamber has pioneered many large scale projects in various spheres of commission activities towards the betterment of community of Hong Kong and towards the elevation of knowledge and experience of members. Some innovative projects are listed below.

In 1974 Island built the first Solar Heating System in Wu Kai Sha Youth Centre. This project has brought an Award of Excellence - the 'Scotland Aberdeen Award' at Oakland JCI Congress to the Hong Kong Jaycees, the first ever won at an international level.

In 1974 and 1975, the musical event 'Pop/Folk' won tremendous success in providing entertainment in the form of pop and folk songs to some 20,000 youths and adults at the Hong Kong Government Stadium. Apart from the great publicity received and extensive involvement of members throughout the project, it has raised funds which was sufficient to support our community projects for the whole year. Since then in the Pop/Folk '76, '77, '79, '80 & '81 brought pride and courage to the chapter and has become an annual fund-raising project. It symbolises the creativity and dynamism of the Islanders.

The Neighbourhood Development Campaign in 1975 and 1976 have aroused the public, in particular the "Kai Fongs", to keep eyes on their surroundings and the need to promote neighbourhood friendship.

In 1976, the launching of the Youth Congress of Hong Kong has given an unique opportunity to students to voice themselves on social problems. The Congress has gained concrete supports from Education Department, teachers, educationists and higher forms students.

The construction of the Venture Park for the St. Christopher's Home has provided the under-privileges children and orphans a recreational physical & intellectual training playground, this project was first taken place in 1977 and it was followed by an maintenance program in 1978. In 1977 and 1978, the 'Young Executive Convention' did successfully offer a great deal of training and experience in the business and management fields.

In the year 1978, there were even more tasks completed, the projects accomplished including the "Two-Week Programme for Youth Workers & Families" which produced a nearly three month duration of recreation and cultural education to the workers and their kin; the "1978 Hong Kong Model Teenagers Selection" gave much recognition and encouragement to the teens of 13-19 years old; the "Job Opportunities for the Deaf" had made good appeal and introduction for the deaf sector; and the "Education Survey on Selected Rural Countryside" studied into the needs of country education.

In 1979, Island sent a party of delegates to visit our sister chapter, Taipei Jaycees, in exchanging views and ideas on projects. During our visit, Taipei Jaycees sponsored us a project on promotion of children's literature in Hong Kong. We also held a series of seminars on various aspects. In summer of 1979, Island launched a large scale community project 'Lantau Health Care Project' which was a 3-day project held at Mui Wo, Lantau Island - an outlying island of Hong Kong. This project was carried out in a form of exhibition, film show, free medical check-up, free medical counselling and consultation, dental care and educational seminars for the eight villages' residents on the island. In assisting us to carry out the medical check-up was a team of doctors, dentists, pharmacists and nurses. Later in the year, there was a theme project - 'Toys from Children with Love' which has brought love to share amongst 20,000 to 30,000 children. This project had won a JCI Presidential Honour Award for Programs.

In 1980, the prevailing energy crisis has prompted Island to organise a label design competition on energy conservation for tomorrow. The aims are to provide the youths an opportunity to develop their artistic & creative potentials and, at the same time, educate the public the awareness of energy conservation

In 1981, the 'Talents Unlimited Game Contest' aiming to promote mutual understandings between disabled persons and abled bodies has unprecedentedly managed to set up a scholarship fund in the name of 'Shell/Island Jaycees Scholarship for the disabled students' and in years thereafter 10 disabled students would be nominated to receive the scholarship during the yearly award presentation ceremony. In the same year, the YA project, 'Youth Conference of Hong Kong '81' was successfully organised during which series of seminars and meetings were held to discuss and exchange views on topics surrounding the problems facing by young people. Useful opinions and comments delivered in the conference were recorded and complied into a report and which have been distributed to parties concerned for reference.

Introduction of Island Junior Chamber (2)

In 1982 and 1983, Island can be said to be a bit dormant and showed signs of languish. However, in 1984, the organization began to regain its strength and returned to its resurgent spirit as before. In that year, a Sisterhood pact was signed with Bukit Mertajam Jaycees of Malaysia. Furthermore, the Computer Education: Education, Seminar and Software Contest 1984 was held to illustrate its application in teaching and learning apart from commercial usages and has gained good response from school students in particular, the software contest. Coupled with this is the 'Fight Youth Crime Campaign 1984' which attempted to probe the problem of drug abuse and triad activities looming in schools.

Coming to 1985 & 1986, with more new members joining the chapter, the Board have been able to diversify its human resources to cater more qualitative projects. In 1986, while celebrating the 20th anniversary, the chapter is organising a 'Hong Kong 20 years Economy' project with a view of reviewing significant changes taken place in Hong Kong over the past 20 years. Through this occasion, the chapter anticipates to promote and cultivate a sense of belongings among the public, to encourage young people to be more active in participating community oriented services and most important of all, to develop the true spirit of Jaycees among the Jaycees circle.

In 1987, the "Vietnamese Refugees Camp Fun Day" provided entertainment, care & friendship to the unfortunate refugees. In 1988, Island Jaycees won the Leadership Development Award in JCI Conference by the "Public Speaking Training School" and the "Leadership-In Action Camp" was also awarded a Certificate of Merit. In 1989, Island Jaycees expanded the "Good Children Award" project to cover the almost all districts of Hong Kong Island. This is the 2nd year of the project which met with great success last year. More than 30,000 school children in Eastern District, Island, participated in the award which encourages them learning to be good children.

In the early 90s, we organised a number of successful projects such as "Meaningful and Fruitful Life" in which selected outstanding aged people having a familiarisation visit to the old-age community in Taiwan, "Bad Debt Collection Seminar" and "ISO 9000 Philosophy and Practice Seminar" for young professional, and "Economic Study Tour to Xiamen" which was co-organised with Taipei Jaycees to explore the economic development among P.R.C., Taiwan and Hong Kong. In 1994 and 1995, apart from our successful "Youth Photo Contest" which prompted environmental awareness and provided opportunities for cultural exchange amongst the youngsters between Hong Kong and Sendai Junior Chamber of Commerce at Japan, we also organised "China-Hong Kong Taxation Seminar" which aroused small-scale entrepreneurs to have an in-depth knowledge for their business establishments. Moreover, many monthly fellowship gatherings have been organised to develop the sense of belonging among Islanders.

With the successful hosting the National Convention in 1999, a new generation have already been grew up as the new wave and continue our playboy culture. Many meaningful projects were held and a number of awards from JCI Hong Kong were received. The Asian IT Venture Capital Forum was held in 2000 where we hosted a business plan competition opened worldwide for technology incubation, discovered by lots of genius all over the world. The 9-week celebration in 2001 for our 35th Anniversary marked another milestone for Island JC. It showed our commitment and creativity in JC life and this special celebration was awarded by JCI Hong Kong a Special Project Award for our outstanding performance.

After all, with the positive attitude of all members for better leadership skills through community activities, and for furthering individual personality through community involvement, Island Jaycees is always one of the best chapters of the JCI Hong Kong, as well as the Junior Chamber International.

Introduction of JC Four Areas of Opportunities

Individual - through various leadership training programs, members develop invaluable skills such as goal-setting, time management, public speaking, parliamentary procedure, protocols etc. thereby equipping them with necessary techniques to become future leaders of our community.

Community - through various community development programs, members identify social needs and issues, develop projects to improve the well-being of the community and thereby enhance awareness and sensitivity on community problems.

Internationalism - in an increasingly interdependent world, members realize the need for international collaboration, tolerance and peace. As JCI is a worldwide federations of more than 6,000 chapters which spans in 120+ nations and territories, it offers members numerous opportunities to understand and be involved in global issues. Through international conferences, academies, programs, twinning (sister-chapter relationships), and business exchange, Junior Chamber enables to promote goodwill and attain a deeper understanding of the global challenges of tomorrow.

Business - members can pursue business interest through the Business Network at different levels in the organization meeting members from different industries and professional background.

Vote of Thanks from Chairman of Inauguration

Happy New Year! It is my great pleasure to welcome you all our special guests and to deliver my vote of thanks to everyone making their compliments to Island Junior Chamber.

Thanks to the 2003 President Peter Chow and all the Board of Directors in 2003 dedicating their valuable time to Island JC. Their contribution to Island JC has created solid foundation for the future development. Moreover, I would like to congratulate President Elect Stanley Chen and all Board of Directors 2004 representing and leading our organization to a new era with substantive growth as shown in the year plan.

Last but not the least, I would like to thank all Past Presidents from their unfailing support and dedication to us. Your invaluable experience and commitment leads to our growth.

Taking this opportunity, I wish you all every success.
