FOREWORD

Hong Kong Jayceettes Junior Chamber is one of the 18 local chapters of the Hong Kong Junior (HKJC) which is affiliated with Junior Chamber International (JCI). Our aims are to contribute to the advancement of the global community by providing the opportunity for young people to develop the leadership skills, social responsibility, entrepreneurship and fellowship necessary to create positive changes.

Like the creation of earth's first women, JAYCEETTES was, in the beginning, an "Adam's rib" she evolved from a group of Jaycee wives and girlfriends to an affiliated group to the Victoria Jaycees. After becoming an auxillary to the National body, her raison was even more apparent, as it was described "... the spirit of liberation and the desire to do their own projects were strong and culminated in the determination to form a lady chapter of its own, with equal standing like their brother chapter"

On October 19, 1969, HONG KONG JAYCEETTES signed her Charter and became the FIRST lady chapter in Hong Kong, as well as in Asia. Over the years, Jayceettes have met many challenges with the same spirit and determination and have left behind footsteps that are unique in Hong Kong Jaycee history - the hosting of JCI Conference in 1979, the Most Outstanding Chapter of the World Award in 1981 and 1989, the first lady National President in 1983, the first Chinese lady JCI World President in 1988, hosting of National Conventions in 1982, 1990 and 1998....

In 1999, the Hong Kong Jayceettes celebrates her Pearl Anniversary with the slogan "Let's go for PEARL"

Promote Jayceeism

Excel through Partnering

Aim for Quality

Reinforce Qs (Quality and Quantity) membership

Lead by example"

It is time when we look back at the fruits we bore and work hand in hand to plant seeds for future success!

Guest of Honour

Message from Guest of Honour

I am privileged to have been associated with the Hong Kong Jayceettes Junior Chamber (HKJTT), being its Honorary Patron for 1999.

Since its inception in 1969, the HKJTT has organised a wide range of programmes, providing young Jayceettes with numerous opportunities to serve the community. The recent "Deep in Our Heart" project, which aimed at promoting better relationship and communication between family members, was a vivid example to show that our elite Jayceettes care very much about the well-being of our community.

Through active involvement in the HKJTT's programmes and activities, Jayceettes not only serve in different meaningful ways the community they belong, but also get the benefits of realising their own potential, improving their leadership skills, as well as establishing useful contacts to enhance their careers. Indeed, the HKJTT has made significant contributions to the development of our young women leaders over the years.

On this important and joyous occasion to celebrate its 30th Anniversary, I would like to congratulate the HKJTT on its remarkable achievements and wish it every success in its future endeavours.

Message from the Patron

I am delighted to join members of the Hong Kong Jayceettes Junior Chamber in celebrating the Chapter's 30th anniversary. My congratulations.

My knowledge of the Hong Kong Jayceettes Junior Chamber was limited until recently when I had a chance to read the souvenir programme of their 25th anniversary celebration. Going through the booklet, I noted with amazement of the achievements attained by the Chapter over the 25 years, and the commitment its members have put up to excel in every project and event they organized. They have set outstanding examples for those who yearn for personal development, for serving the community, and for making a world of difference for everyone.

I am impressed at what members of the Hong Kong Jayceettes Junior Chamber have done, and I can see that there is no limit to their success. May I, therefore, take this opportunity to wish them continuous success in the new millennium.

Ken Seto

The 30th Anniversary of the Hong Kong Jayceettes signifies a remarkable milestone of this organization. It is an excellent time for all of us to look forward to the 21st Century and strengthen our foundation.

This year, through the concerted efforts of our members, we have launched a series of programmes in commemorating the 30th Anniversary. Taking this opportunity, I would like to give my heartfelt thanks to all personage and organizations that have rendered their support and assistance to Hong Kong Jayceettes Junior Chamber.

Message from Executive Vice President (Area C) Junior Chamber International

It is with a joyous heart that I deliver my sincere and warm greetings to members of my mother chapter - Hong Kong Jayceettes Junior Chamber in this 30th Anniversary Celebration.

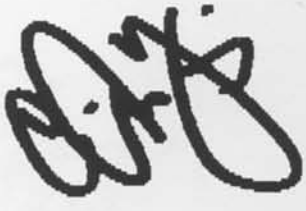

Over the past couple of years, I have had the good fortune to reach further in the Jaycee world through my involvement in JCI. I have to thank my mother chapter for giving me the opportunity to expand my potential and explore the world.

As JCI Vice President last year, my footsteps has taken me to familiar countries in Asia, including a few where Hong Kong Jayceettes have sister chapters, namely Japan, Philippines and Taiwan.

In the capacity of JCI Executive Vice President this year, I have travelled to continents and countries where I have never been to before. If not for this wonderful organization, I would not have had the thought, let alone the chance to interact with and know the people in places like Panama, Dominica Republic, Puerto Rico and the Netherlands Antilles.

Thank you Hong Kong Jayceettes for offering me the first step towards internationalism. I truly wish to see many more global citizens from my mother chapter in the days to come.

I sincerely invite you to take the first step in Creating the future at the Cannes World Congress this November.

Caroline Au-yeung

My warmest congratulations to the Hong Kong Jayceettes on this momentous occasion. "Pearl" is one of the precious and valuable jewels, your 30 years outstanding achievements in leadership development and community services have become a shining example of our organization - and you are no doubt our precious "Pearl"!

Over the years, you have trained up many Jayceettes, who had achieved individual success and fame in their own fields and serving as community leaders in different District Boards and Committees. Besides producing members to serve as National Officers, National Presidents, JCI Vice President and JCI Executive Vice President, you can even produced and contributed the first lady World President from Hong Kong!

In the area of community services, the Jayceettes have organized numerous projects and programmes that touched the lives of countless individuals and helped to create various positive changes to improve our community. To celebrate this Pearl Anniversary, you have organized large-scale projects like "Deep In Our Heart", "Outstanding Business Proposal Selection", and "Happy Parents Super Kids", which have gained favorable feedback from the community and received recognition in the National Awards.

All these achievements are the results of dedication and hard work from the fellow members of Hong Kong Jayceettes. I am sure this 30th Anniversary celebration could bring back sweet memories for the senior members and motivate young ones to excel for a new height of achievement.

Once again, congratulations on your 30th Anniversary and best wishes to all members of Hong Kong Jayceettes!

The Jayceettes broke new ground thirty years ago when the Chamber was formed.

It was a happy initiative which has proved most successful to the Jaycee movement in Hong Kong by its diverse activities and admirable achievements here and abroad.

The Hong Kong Jayceettes Junior Chamber has certainly become a model for community organizations here by the dynamic role successive administrations have played in arousing civic consciousness among young ladies and inspiring them to work for the betterment of Hong Kong in so many ways while acquiring useful practical training for themselves all the time.

With best wishes,

At this joyful moment of 30th Anniversary celebration, we must not forget the ultimate JC motto, which is to learn by serving the community. More importantly, we should cultivate within our members a healthy sense of awareness and responsibility towards various needs of the society. Care and share from Past Presidents

Each year, a charming and outstanding President is elected to lead Jayceettes into a new era. Under their capable leadership, many successful projects have been launched. The contribution of each President has received tremendous recognition in the community.

In celebrating of the 30th Anniversary, our Past Presidents have been invited to share with us their personal gains and glorious moments in their Jaycee careers.

On this memorable 30th Anniversary of the Hong Kong Jayceettes Junior Chamber, I send my warm greetings and best wishes to all Jayceettes members and the Board of Directors.

Together with Hong Kong in the last three decades, our Jayceettes Chapter has gone through a lot of inevitable changes - these are changes for a better and healthier place to live in. In spite of the fact that we are rolling over a wheel of constant changes, I am pleased to say that I have witnessed the enthusiasm and dedication of all Jayceettes members has not changed at all, It is this devotion, drive and everlasting Jayceettes spirit that motivate our beloved Chapter to stride forward for excellence and to serve Hong Kong further with our meaningful community development projects. It is this same enthusiasm and Jayceettes spirit that have won my admiration. On this respect, I sincerely wish that the Jayceettes will keep up the good works and I am sure you will have the full support and blessings of the past presidents.

With the coming of the millennium in a wink, I heartily wish the Hong Kong Jayceettes Junior Chamber would continue on and on for many millennia!

Florence Y.P. Wong

Hon Life President Jennifer was elected the 1st lady JCI World President in 1988. In her 28 years of Jaycee life, Jennifer found everyday a new learning opportunity. Her solid organization, leadership and social skills were built through the different capacities she had involved. The role as World President had widened her horizon and understanding of people and culture around the world. She treasures the friendship among Jaycee and non-Jaycee members. Moreover, the opportunity to serve had prompted her to pay more attention and concern to community issues. Jennifer had become a self-confident person from the valuable and positive training she received.

Besides Jaycee activites, Jennifer also found this organization benefit her in her career. There are always friends available offering their helping hands whenever needed. Jennifer loves Jaycee and she will continue to enjoy her Jaycee life with fellow members.

Jennifer Yu
1973 President

"Learn Today, Lead Tomorrow" is the motto of Jaycees by which we joined the organization. Although the learning path is often rocky and windy but beneficial because we learnt from mistakes. To get the greatest benefit out of the organization, we are required to give priority of our leisure time to the Jayceettes activities through active participation. Dear fellow Jayceettes, are you ready to contribute more time to our organization and be a part of it?

It gives me great pleasure to send my greetings to the Hong Kong Jayceettes on the occasion of your 30th Anniversary celebration.

As a past president, it is most gratifying to see my own chapter grow and prosper over the past years. Taking this opportunity, may I congratulate President Peggy for leading our Chapter and most importantly, for urging her members to members to uphold an promote the Jaycee ideals that "service to humanity is the best work of life."

Whilst we rejoice our past performance, we should also endeavour to face up to challenges in the new millennium and join hands to strive for even greater successes for the Hong Kong Jayceettes.

It gives me great pleasure to congratulate the Hong Kong Jayceettes on the occasion of her 30th Anniversary Celebration "On to Silk Road"

Hong Kong Jayceettes Junior Chamber has gone a long way to reach today's accomplishment. Through the dedication and hard work of the members, we have launched hundreds of projects for the betterment of the society to make our world a better place to live in. We have achieved another successful year under the leadership of President Peggy and her dynamic team. I am proud of the Hong Kong Jayceettes.

Wish you all a very enjoyable and pleasant evening!

Senator Maureen Chu Lo 15 years go by in a blink, but to remember every details of what happened so many years ago, one has to have truly lived and enjoyed it, as Past President Maureen did.

The amazing combination of energy, courage, brain and showed judgement she revealed during the interview demonstrates what a pleasant and rewarding JC experence can be.

The fondest memories of being a Jayceette for Maureen were those days when she had to personally take hands in every aspect of project work. Can you imagine that members laterally made the banners from scratch many years ago? Yet it has also through tough times that Maureen found herself to have learnt the most.

That process involves gathering facts, analyzing them candidly and striving to draw logical conclusions.

On one hand, the systematic thought process she learned allowed her to make better decision in life. On the other hand, she also made important personal acquaintance that supported her professionally. For instance, she once presented a trophy to a JC project winner who later became close colleagues and subsequently recommended Maureen to Governor Sir Chris Patterns for the position of the Tsuen Wan District Office Chairman.

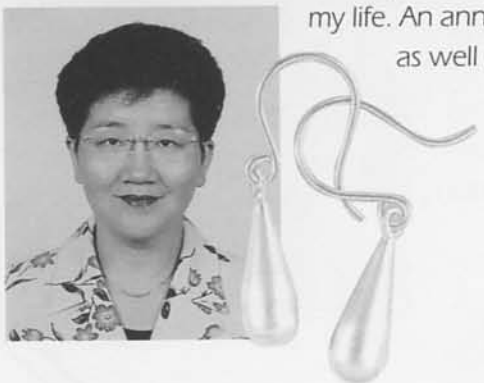

Besides demonstrating her JC spirit, Maureen also showed with us her best hopes for the future of the organisation, when Jayceettes would really more closely with the government and the community. She also encouraged Jayceettee to actively attend external seminars and collect brochures, to be able to quickly pick up new ideas and improve our organisation skills by reflecting upon others mistakes.

The hopes are felt by a strong sense of genuine optimium. May be the path to their realization will require a lot of homework, but we can make it as rewarding and enjoy the experience as it was for Maureen.

Maureen Chu Lo
1984 President

When it comes to the business of the Hong Kong Jayceettes Junior Chamber, the number 30 carries a special meaning for me. It was at that age that I joined the Chapter hoping to build up a new network of friends in Hong Kong after spending five years in the United States. Over the years, I ran into numerous people and found friends in many, whose friendship I shall forever cherish. While I do not see many of my good friends like George, Rafia, Helena, Miranda, Kelly, Allan, Monica, Becky, Patrick, Becky..... as often as in the old days when we buried our heads in projects, I can still, from time to time, recall the fond memories that we have shared in the past. People say one should not indulge oneself in memories of the past, but taking an occasional walk down the memory lane adds joy to my life. An anniversary is definitely an opportune time for reminiscing the past, as well as paying tribute to those people whose friendship have made your life complete and beautiful. Taking this opportunity, I would like to extend my warmest wishes to my old friends in the JC family, and to fellow Jayceettes on the occasion of the 30th Anniversary of the Hong Kong Jayceettes Junior Chamber.

Past President Connie has had strong dedication towards transforming the human resources (HR) function from a traditional administrative role to a modern value-adding business process. Such belief not only characteristized the many theme projects implemented during her presidency, but also won her the most glorious moment of her JC career.

As a specialist in the HR field, Connie visioned that HR departments, if managed properly, could have generated far greater return for business organizations. The concept drove Connie to initiate several projects that studied HR-related hot issues. An example is the "Right People for Right Jobs" project which bore the belief that proper job matching results in a win-win situation for both the employ and employed. The other award-winning "Economic Impacts of Provident Fund in HK" project gathered industry experts to examine the significance of provident fund on the working grid. The project was prized "The Best Economic Affairs Project" at the 1987 National Convention, complementing the many other honors she also received.

Senator Margaret joined the Jayceettes in 1984,and became the President of 1988. Throughout the years, Senator Margaret has actively involved in all activities and given us valuable advice in various events.

Upon her returned from Canada, she was fully committed to JC and was heavily involved in organizing the 1993 World Congress. Her sincerity and hard work has no doubt being recognized by members in the JC family which also payed way for her future career development.

She believes in "learning by doing" and that was earned her tremendously opportunities in her development. In addition to obtaining more hands on experience in management, she has also polishes her personality and gets to understand others better through different prospectives. She reinstated that "JC is a people organization, participation in JC activities would gave you more opportunities and developing friendship" So DON'T MISS THE FUN !

Margaret Wu
1988 President

From Connia we witnessed the impact Jayceettes is able to generate within JC and the general business community by building our expertise into a critical mass and leveraging it to generate ground-breaking project ideas. The passage to employ group wisdom also lives out the essence of JTT spirit, which in turn enables us to better serve the needs of our members and community.

"UNITY IS POWER" was our slogan in 1989, my year of presidency. With the powerful synergy of our unity, the Chapter received the Outstanding LOM of the World Award in the Birmingham Congress. Board of Directors together with our members had achieved what we had aimed for."

In 1989, HKJTT had launched a number of innovative projects, such as "Step In, Light Up the Retarded" "Is it Time to Invest in Properties?" "Foreigners Speaking Putonghua Competition" "Jayceettes Ambassador's Courtesy Visit" etc. Being the first year promoting foreigners speaking putonghua, JTT won the Best Public Relations Award in the Congress as well. And the ambassador courtesy visits of continued year after year. It was indeed very memorable to us seeing that our contributions to the betterment of the community as well as Individual were well appreciated."

"I am very thankful to the Chapter for providing me ample opportunities in personal growth and achievement. Jaycee is such a worthwhile organization for young people to participate. Invest and be involved, and you will be the final gainer."

Connia Chu Lo
1989 President

The Year of "1990" was a very memorable year to Caroline, being the President of Hong Kong Jayceettes Junior Chamber, we hosted a very successful and special 25th National Convention with the theme of "A Growing Economy, A Better Hong Kong" Under the leadership of Convention Director Past President Valerie, all Jayceettes - senior, board, general and prospective members - were very devoted to the event.

1990 was also a very fruitful year to both the Chapter and Caroline. Many awards were received during the National Convention, Asia Pacific Conference and World Congress. To Caroline, the year of Presidency upgraded her management skills and leadership skills a lot. Obtaining the "Most Outstanding Chapter President Award" in Hong Kong, Asia Pacific as well as the World respectively was the most encouraging results.

In this 30th Anniversary of the Chapter, I would like to encourage all Jayceettes to participate more in the Chapter's activities "

When asked what were the most unforgettable moments, Past President Juliet said that it is when she received the most outstanding LOM award in the ASPAC of 1991 The double happiness came when the Jayceettes received the same award in the subsequent year when she was the Immediate Past President. It was the most exciting moment to not just herself but also every board members whom she highly recognized of their efforts and contribution.

Shelina believed that the biggest treasure she had ever discovered with her JC experience was the beauty of her inner strength.

From conducting her first PM project in 1987, to taking up the Presidency in 1992 and assuming the role of Presidential Advisor this year, Shelina accompanies Jayceettes every step of its way to maturity and excellence. She was indispensable in leading the organization to winning numerous NOM and international recognitions.

Nevertheless, she felt that the greatest growth she had achieved lied within herself. Not only did she acquired people, communication and presentation skills that enabled her to succeed in her career, but she also gained self-confidence that would take her a far way into the future.

Shelina reckoned that Jayceettes had transformed itself in various positive ways in recent years. The organization has become more creative, proactive and innovative. It is capable of presenting challenges and opportunities to members more than ever before. In order to capitalize on these growth, Shelina urged all members to be receptive and participative. Being receptive requires openness to others' ideas and willingness to reconcile individual differences. Being participative means learn to appreciate the basics, such as the CD cycle, and practice it on projects.

Finally, Shelina would like to see Jayceettes taking more and more a motivational approach in soliciting member support. As members' needs become increasingly diversified, Jayceettes will have better responses by upholding a cooperative spirit throughout all levels.

It's difficult to share the blessings I received during the past 15 years with the JC family.

Evidently, there were sweets and tears coupled with joyous occasions as the 1993 President of one of the largest Chapters in the Asia Pacific Region. I could still recall the excitement experienced when many Jaycees rejoiced with me the arrival of my 3rd child during the time the National Convention was held. The arrangements of manpower involvements of the whole Chapter for the 1993 World Congress was surely a challenged task. Somehow, these have come to pass.

My family and I are blessed to have be part of the Hong Kong Jayceettes' past achievements and be able to share its forthcoming years of Joy in Spirit. May we say "Happy 30th Anniversary" with measurable blessings " 祝福滿滿 " to the Hong Kong Jayceettes.

Winnie Yeh Kung

Just like the other girls, Anita used to spend her time in shopping, or watching movies with friends until she joined Jayceettes in 1986. She discovered a new world in her life and changed herself to be a very positive person.

Through participation in JC activities, Anita said she has enhanced much more on her communication skills, time management, and of course, upgraded her self-confident.

Things cannot be changed in the past, therefore before we achieve any result, we need a heartfelt of commitment and ongoing practices. Anita said there are many enthuastic members who have a wide vision and she strongly believe that could bring the chapter one step further.

From her personal experience, Anita said "Jayceettes's gatherings are not restricted to project works , we can also enjoy a lot of fun together and develop good friendship. This friendship foundation can be extended to bringing further opportunities of JC activities."

"As we moving toward the 21st Century, Internationalism and Business Networking will be the theme. If you are willing to commit, you will be surprised to see how far we can extend your network through the JC family."

Anita Kwan
1994 President

Writing about any Past President within a limited column size is definitely a tough task to anyone. Imagine a woman who has spent many of her valuable months and weeks with the Jaycees. With all her ceaseless efforts and endurance to all the pressure from the family, peers - both outside and inside the JC circle, she has worked herself up from an ordinary member to have become a JCI EVP in just a matter of a few years. What is with her could be but legendary moments of glitters and glories - titles she has earned, awards that she has received, 'die-hard' experience and memorable projects she has initiated .... yet on this sunny day entering fall ....

Sitting in front of me is a woman who is real and down-to-earth - JCI Executive President and 1995 President Caroline Au-Yeung. When told that she was to be interviewed on her memorable and glorious moments, she went right away to share what she feels most deeply in her heart ...

'People joining the Jaycees could be after a variety of reasons - business connection, friendship, activity and fun, or even ego achievement. But what matters most at the end of the day is not how great others see you but what you remember yourself as. One could never truly taste the favour of Jaycees unless and until you emerge fully into the Jaycee life.

'Having the privilege to be involved in different arenas of JC life both locally and internationally, I began to realize how "small" and insignificant an individual is in this big big world. At the same time, I also came to appreciate that as a single human being, we could make a difference in this world.

'I have been in a few under-developed countries where Jaycees have initiated projects, which we in this part of the world would never have thought about. Junior Chamber International is an excellent vehicle for us to reach the world. Most of us have not sufficiently understood that internationalism is actually at our finger tips, so long as we are willing to open our eyes and hearts.'

The conversation went on and landed on a simple conclusion that 'We can all make a difference in our World!'.

Caroline Au Yeung
1995 President

Friendship Forever!

A friend of hers introduced Alice to join Jayceettes in 1992. The induction ceremony was an unforgettable one. Why? Because the World President was her witness.

Before she ran for her Presidency in 1996, she has been working very keenly for the Board. She said these fruitful experiences have enriched her life. Throughout the years, the rewards of participating in various JC activities have given her opportunities to sharpen her skills from difference aspects, such as management, presentation, and public relations. These experiences have contributed partially in upgrading her confidence that can be applied in her profession at work.

Learn to encourage and appreciate each other, Alice has earned many friendships. "The more you contribute, the more you learn. It doesn't really matter whether you just participating, helping out, working as an OC or running a position, you definitely will learn a lot from JC activities." Alice said.

Alice Liu
1996 President

Can you share with us what are the most memorable moments in your presidency life?

When we received the Most Outstanding LOM President and the Certificate of Merit for the Most Outstanding LOM awards. It's like fruit we harvested after months of efforts of all my board members and myself. Also the moment when we signed the Friendship Pact with Toyota Junior Chamber in 1997 is also unforgettable. It's again a time we realized our years long goal in tightening up our relationship within the international JC realm.

What have you personally gained in all these years with Jayceettes?

A fortune! Things that I gained help me in all aspects in my life. The management skill especially in organizing resources and tasks to your team members is certainly on the top of the list. A president is just like a bus driver that one needs to motivate people to work on things with limited resources towards the same direction. The interpersonal skill in motivating people is one of the biggest challenges I came through. Dealing with all the sophisticated ladies has also taught me to look at things and people from different perspectives.

You have 'tied-the-knot' with Jayceettes for close to 2 decades and you didn't run the presidency until the year of 1997. Why was it so?

You're right! I actually started involving myself in the Board since 1981 and the LRPC in 1986 after joining HKJTT in 1980. I then focused on my study in MBA study and work until 1996 when I was invited to take up the EVP position. Being a little bit 'sleepy' during the period though, I never intended for a single moment to leave the Jayceette. The relationship between myself and the chapter is so deep that I just treasure the link at all time. It's indeed a prestige not just being the President but also for being a member of this beloved chapter.

At times of editing, Past President Shirley has been granted the Senatorship. Congratulations!

Shirley M.K. Chan

What are meaningful to your life? Money? Status? Or other goals to achieve? Let's share with our IPP Phyllis Chan.

IPP Phyllis is a matured lady with a determined outlook.

Looking back, it seemed to be a little bit late for Phyllis to join Jayceettes.

She further said, "JC is like a miniature of our society. I treasure a lot to work with different people and learn from their experience." Indeed she has developed lots of friendship.

"However, some people may like you and some may not. Don't worry. Be yourself!" It's true.

Well, what else has she gained from JC?

She expressed enthusiastically, "Became more optimistic, see things from different angles and respect people with different views."

Through involving herself in projects, she could reach out to the society to gain widen horizon.

三極(南極、北極、青藏高原),千里冰封的白色王國,壯麗聖潔,令人神往。

您可知道,在潔白的矜持下,她們卻無時無刻地主宰著地球系統的運轉。

科學家們以堅毅無畏的精神,在冰蓋雪原中探測地球的過去、現在與未來。

科技的發展,文明的飛躍,正不斷加速地球的破壞與衰老。極地無言,見證滄桑,有情眾生,齊來關愛地球。

雪肌蘭

一級始終係一級

據日本政府認可之Japan Food Research Laboratories及香港之檢定報告指出　魚宝鯊魚丸絕對不含DDT及PCB等有毒物質　SQUALENE含量至精至純　完美程度可以稱得上後無來者　又怎會有年代空間的規限　正如醇酒美饌一樣　不會因年代轉變而有所影響。

何必退而求其次
