OUTSTANDING CHAPTER
BEGINS FROM YOU!

THE AWARD–

NOT THE CONQUER OF OTHERS

PK 2

Kowloon Jaycees '77

1.10.1977

THE COURAGE TO BEGIN

Courage is not the absence of fear,
but the capacity to move ahead despite fear;
Courage itself is not a virtue,
but the spirit of all virtues.

Without courage,
Ambition is only arrogance;
Love, merely, dependency;
Imagination, always, a dream;
And Enthusiasm, at best, a good intention.

Courage is not everything,
but it's the only thing,
that turns weakness into strength;
that transforms vision into reality;
And that inspires faith, in agony of despair.

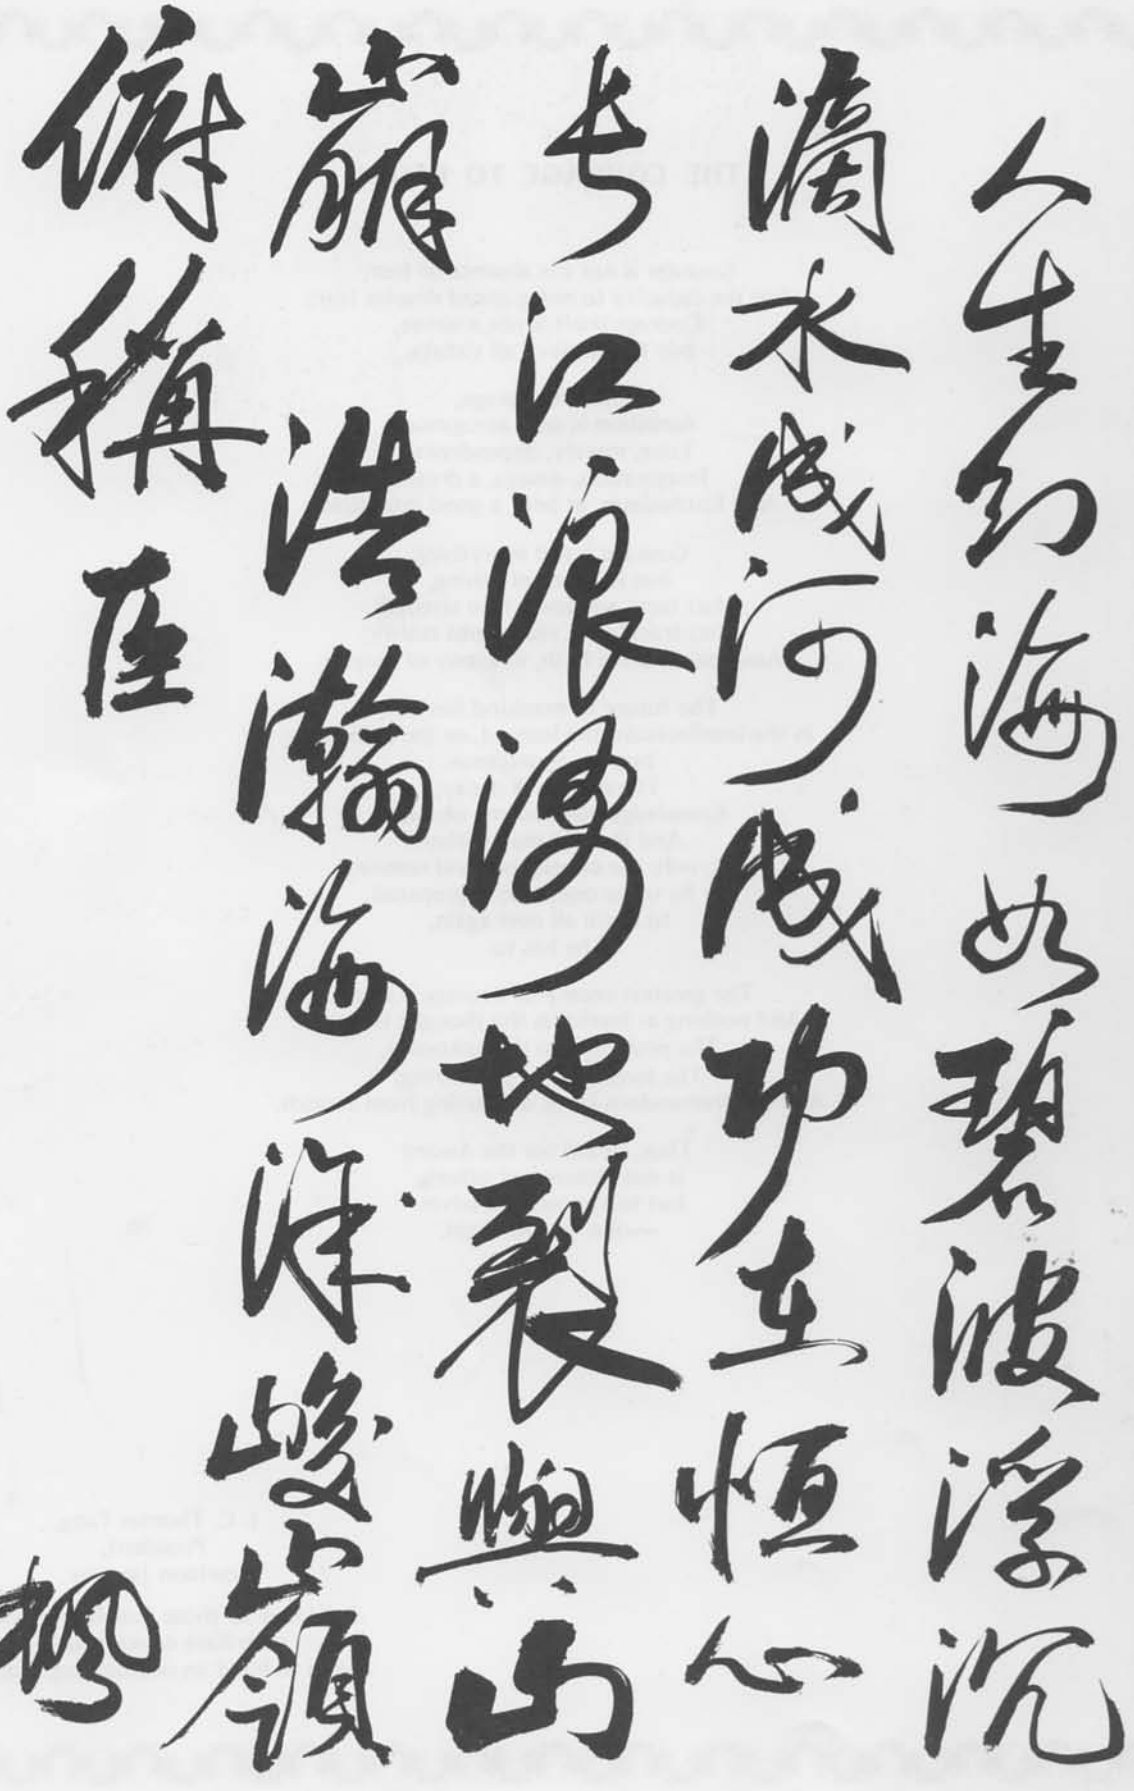

The future of mankind lies not,
in the intellectuals, the learned, or the ambitious;
but the courageous.
The mind will decay;
Knowledge can become obsolete;
And the will may wither.
But, only the courageous will remain,
for he is the one, who is prepared,
to begin all over again,
if he has to.

The greatest enemy of courage is fear,
And nothing as fearful as the thought to begin:
The probing into the unknown,
The loneliness of pioneering,
And the tremendous labor of starting from scratch.

Thus, to bid for the Award
is not to conquer others,
but to conquer ourselves
—the fear to begin.

J. C. Thomas Tang,
President,
Kowloon Jaycees

dedicated to those Kowloon Jaycees
who have courageously
begun to build an outstanding chapter!

MESSAGE

I understand that Kowloon Jaycees will soon publish its first Annual Journal to cover the major events and achievements of the year, its past history, and its membership composition.

As a Past Kowloon President and your National President I send all the K.J.C.'s and especially President Thomas my best best wishes for such a memorable endeavour.

Y. K. CHAN

CHAPTER PROGRAM, ACTIVITIES, ACHIEVEMENT

"Program is the theme, major emphasis, or the overall objective; Activities are means of realising the program; And Achievement is the measure of consistency and harmony between the two. Sheer Activities without a program is chaos; A lofty program without the support of concrete activities is only wishful thinking."

Chapter Program 1977

On 1st BOM meeting (7 JAN. 1977), we declared the chapter Program as follows:

1.	Major Emphasis 1977-79	:	Intensive chapter Development
2.	Theme 1977	:	'Outstanding chapter begins from You'
3.	Overall Objective 1977	:	To bid home the most outstanding Chapter Award.

1977 is phase one of a 3-year major emphasis on Chapter growth; the theme is a slogan, appealing to all members, and reminding them the major emphasis throughout the year; The overall objective is quantification, or tangible aspect of our major emphasis.

With a full grasp of our major emphasis, the board was able to develop specific goals/principles of programming our activities, on early Jan. (refer to Chapter Administration).

Chapter Administration

"The greatest test of a Chapter's Administrative ability is the ability to cope with uncertainty and conflict".

Kowloon Jaycees started with $500, and less than 18 active members; Yet, we wanted to achieve a lot. The greatest single challenge to our Administration is to be able to develop a programme in early part of the year to involve more than 55 members, 32 of whom were not our members yet; and worse still, not even around.

- We had to decide in January a programme; but at the same time, we realised the importance of sharing the decision process with our 32 future members.

- We knew projects/activities were vital to our growth, but we were uncertain about how much resources can be rely upon, both in terms of manpower/money.

To cope with the uncertainties, and conflicts, the Board of 1977 made a few drastic policies.

MAJOR ADMINISTRATIVE POLICIES – 1977

1. Definition of Priorities.

   Items of lower priority will give way to items of higher priority when 'squeezed' for resources.

2. A Clear Division of Strategic & Tactical Planning.

   – The Board Decides Strategies:

     such as theme, priorities, minimum number of projects.

   – Directors/project committee formulate operational plan:

     such as nature of project, its scale, manpower, date and source of finance.

   This enabled us to come up with an overall plan on Jan., and yet allowed leeway for coping with uncertainties. It gave the directors the opportunity to decide 'where to go' and yet involved members in planning **their projects** for better morale, commitment and satisfaction.

3. Decentralised Control through Commission Directors.

   Members are grouped according to their interest into various commissions supervised by respective directors who were. entrusted the total responsibilities of motivation, retention, activities. The objective of decentralised control was to encourage more responsible/demanding leadership, and to take advantage of specialisation.

4. An objective Evaluation System.

   Outstanding Members/Officers will be recognised through

   – KJC Merit Points System
   – Numberous Awards
   – Frequent, steady, Newsletters (Average twice/month), recognising projects/Activities and the members behind them.

PRIORITIES – 1977

1. Recruitment/Orientation/Involvement of Members.
2. Monthly Meetings/Newsletters/Internal fellowship.
3. Two Major Projects.
4. Fund-Raising (Club House/Community Projects).
5. Inter – LOM/NOM. (P.R. PROGRAMME).
6. Community Project/JCI.

STRATEGIES IN PROGRAMMING ACTIVITIES

1. Announcement of our Theme/overall objective/specific goals in early Jan, and promoted throughout the year by Newsletters.
2. Heavy Internal fellowship in 1st Quarter.
3. Steady Recruitment of 3/4 members per month, and immediate involvement.
4. A sizable project at the beginning of the year and a grand one just before the convention.
5. Fund-Raising Project in 1st Quarter of the Year.
6. A special issue of Kowloon Jaycees.
   'Kowloon Jaycees' 77' before the Convention.

INTER-LOM RELATION

There are two Sports Days that we promoted this year, for the advancement of inter-lom relation: The physical one, by organising it; and the spiritual one, by striving, throughout the year for the 'Outstanding Chapter Award'.

When we declared in Jan. that we would bid for the 'Most Outstanding Chapter Award', it was not wi possible failure, the fear of ridicule, and fear of being misunderstood. Yet, we courageously proceede was the right move for 'KOWLOON' and for JC as whole in H.K.

We believe that inter-LOM fellowship is not developed by frequent social gatherings only, but by shar problems, concern, and most of all, by setting high records of achievement through healthy competiti

Competition in the JC-spirit,
does not make enemies,
but creates friends.
It does not challenge others,
but challenge ourselves.
It does not aim to bring down a few,
but to uplift everyone.
Hatred, jealousy, should not be the outcomes,
but concern and respect are what we are after.

Can this organisation survive an open, candid policy?
Can we accept each others for both its strength and weakness?
Can we all open up to the possibility of being teachers
and students, of assisting each other, instead of
holding on selfishly to the little that we know?

We think we CAN ! If not the Jaycees, who else?
