THE JAYCEE CREED

We believe:

That faith in God gives meaning and purpose to human life;

That the brotherhood of man transcends the sovereignty of nations;

That economic justice can best be won by free men through free enterprise;

That government should be of laws rather than of men;

That earth's great treasure lies in human personality;

And that service to humanity is the best work of life.

MESSAGE FROM

The Jayceettees mobilize resources from the community every year and do a lot of good services in return. The "Rhapsody in June" is a lever for another series of meaningful services for our community. May I wish the Hong Kong Jayceettees great success in this and the coming projects.

MESSAGE FROM PRESIDENT OF HONG KONG JAYCEETTES

As directed in the Jaycee Creed ". . . that service to humanity is the best work of life", through organization of projects for the Community's betterment, Hong Kong Jayceettes provides ample of training opportunities to our members for personal growth as well as leadership development.

In the past 17 years, with generous sponsorship from commercial/industrial organizations, and individuals, we have successfully completed many meaningful projects relating to community, youth and economic areas. Some of the projects also promoted internationalism.

This year, our Community Development/Theme Project "Knit your care, share your love" has been specially designed to arouse youths' and the community's concern to share our love and promote world peace to,not just people we know, but to people who needs our help and encouragement. The funds raised in this project will be donated to the Association for the Mentally Handicapped and the Street Sleepers Shelter.

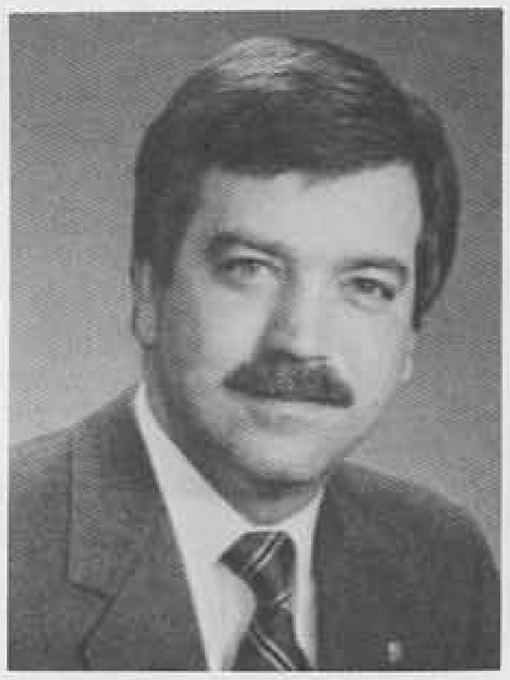

In another words, this project has followed the JCI theme "Young People for World Peace" as well as promoted the United Nations theme "Shelter for the Homeless".

The Open Forum "Economic Impacts of Provident Fund in Hong Kong" has brought together all parties concerned to review the economic impacts of this important issue, and assisted in identifying solutions to evnisaged problems. The opinions and viewpoints expressed during this forum had been put down in a feature supplement for Government's references.

The Exhibition on "Profile of Today's Women in Asian Countries" held in Singapore high-lighted the growing importance of women's role at home and in commercial field. The successful women quoted in the Exhibition have set very good examples for us.

This successful fund-raise program has brought us the finance back-up for the above-mentioned projects. Once again, on behalf of all members of Hong Kong Jayceettes, I would like to express our deepest appreciation to your generous support. We certainly will keep up with the Jaycee movement and will not let you down.

MESSAGE FROM
PRESIDENT JAYCEE INTERNATIONAL

It gives me great pleasure to send this message of greetings to Hong Kong Jayceettes on the occassion of your Fund Raising Project "Rhapsody In June".

Organise fund raising is a good experience for Jaycees members to achieve leadership and membership goals. Jaycees International defines itself as "Worldwide Leadership Development Organization" and has produced remarkable illustrations of this definition. Everyone knows that the major product of Jaycees is a Leader.

We face with tremendous difficulties in today's world. Jaycees International has been working very hard to render our major Emphasis Theme, "Jaycee - Young People for World Peace", into a reality. It is time for young people around the world to join together and challenge these difficulties. Young people can change the world. The hope of mankind lies in the active hands of youth "it can be done".

I wish the Hong Kong Jayceettes every success in this Fund Raising Project.

MESSAGE FROM SUPERVISING NATIONAL VICE PRESIDENT

It gives me pride and priviledge to extend my sincere greetings to the Hong Kong Jayceettes on the occasion of their "Rhapsody in June" ball.

Hong Kong Jayceettes was the first lady chapter in the Asia-Pacific region and second in the world. During the past 17 years, they had carried out a number of community projects which had successfully aroused the concerns of the public on certain social issues/problems such as the danger of the expanding population in Hong Kong, PEACE campaign, . . . etc. On the service front, they had also introduced and actually implemented a lot of community service ideas on helping the needy sectors. Establishing the first toy liabrary in Hong Kong at the Tszwanshan Estate is one of the examples.

"Rhapsody in June" is the precious opportunity where all of us can share the success of the Hong Kong Jayceettes reaped in the past years. Now, let's sit back, enjoy the delicious dinner and go into RHAPSODIES over the program pre-arranged.

May I, taking this opportunity, once again convey my heartiest congratulations to you and wish you every success forever and ever!

VOTE OF THANKS FROM PROJECT CHAIRMAN

For the past 17 years, Hong Kong Jayceettes has continued the Jaycee spirit of training the youth and serving the community with meaningful and reputable projects. These are made possible through our annual fund raising drive.

Again this year, we have chosen the glamourous way to raise funds by holding this ball "Rhapsody In June". It is our honour tonight to have Mrs Rosanna Tam Wong Yick-Ming, Legislative Councilor to be our Guest of Honour whose presence adds glitter to our event.

On behalf of the Jayceettes, I must express my gratitude to the sponsors for their generosity and unfailing support. HONG KONG JAYCEES HISTORY

The Jaycee Movement reached Hong Kong in 1949, when a Philippine Jaycee John Ng who was the Special Liasion Officer of the JCE 5th Congress and was charged with the mission of converting Hong Kong to Jayceeism arrived in November. Through the introduction of his cousin, Mr. Alex Ng, a Jaycee Senator still, Mr. John Ng was presented to Rev. E. Bourke, former director of Wah Yan College, Hong Kong. A meeting was then arranged for him to meet a group of young businessmen. During the meeting, Mr. John Ng's explanation of the aim and purpose of the Jaycee movement succeeded in firing the imagination of his audience. Eight days later, sponsor group of the Hong Kong Junior Chamber of Commerce was formed and Mr. Paul Lim was elected as Convenor of the organizing committee. Mr. Austin Coates from Hong Kong Government, then an Assistant Colonial Secretary of Hong Kong, was assigned to serve as Advisor to the Organizing Committee.

Our aims are to contribute to the advancement of the global community by providing the opportunity for young people to develop the leadership skills, social responsibility and fellowship necessary to create positive changes.

1967 marked...
... the incpetion of the Hong Kong Jayceettes which comprised a group of Jaycees' wives and girl friends who rendered assistance to the men in their projects.

1968 brought...
... the ladies one step further to become an auxilliary group affiliated to the National body of the Hong Kong Junior Chamber of Commerce; and to perform all the 'behind the scenc' routines for their brother chapters.

1969 was...
... the year when we pleaded for independence to be officially accepted as the only Lady Chapter of the Hong Kong Junior Chamber of Commerce, the first Lady Chapter in Asia and the second in the world.

1977 turned...
... out to be an eventful year as the Hong Kong Jayceettes organized a great number of projects, particularly the establishment of the 1st Toy Library in Hong Kong at the Tszwanshan Estates.

1979 carried...
... a special meaning for all members of the Hong Kong Jayceettes as we had successfully hosted the '1979 JCI Hong Kong Conference"

1981 ends...
... with great honour and prestige for us when we won the "MOST OUTSTANDING LOM of the WORLD" Award at the Berlin World Congress.

1983 represented...
... another record year in the history of the Hong Kong Jaycees as one of our past president Senator Kitty Leung was elected as the first lady National President of the Hong Kong Junior Chamber of Commerce in 34 years.

1984 saw...
... greater involvement of the Jayceettes in the International scene subsequent to the election of another of our past president Senator Jennifer Yu as the JCI Vice President.

1985 brought...
... to the Hong Kong Jayceettes further recognition on both the National and International levels. Our Past President Senator Nora Cheng acted as NOM Development Officer to supervise the birth of a new LOM, the North District Jaycees. Above all, Past President Senator Jennifer Yu was successfully elected as JCI Vice President for the year.

1987 is...
... another year to be proud of by the Jayceettes. Once again, the second lady National President of the Hong Kong Junior Chamber of Commerce comes from Jayceettes – our Past President Senator Nora Cheng. Moreover, our Past President Senator Jennifer Yu being elected as the Jaycees International Executive Vice President further demonstrates our efforts and contribution in internationalism.

Pellet magnified 3.7 times

Polystyrene

Last year Hong Kong manufacturers used more than 160,000 metric tons of polystyrene pellets, much like the one pictured above. From these pellets they made toys, dolls, games, radio and television casings, audio and video cassettes, household appliances, drinking cups, fast food containers, pens, stationery products and more. These products accounted for about 18 per cent of Hong Kong's domestic exports last year, or nearly HK$130 billion.

Polystyrene is important to Hong Kong's manufacturing industry and, of course, to Hong Kong. A little over 10 years ago, we at The Dow Chemical Company, the world's sixth largest chemical company, established Hong Kong's first and only polystyrene manufacturing facility to supply the local plastics industry.

Located on an 8 acre site at Tsing Yi Island, our plant produces STYRON* brand polystyrene pellets. This product currently meets a substantial part of Hong Kong's needs. Since its opening, the plant has ensured a stable supply of polystyrene to local manufacturers.

At Tsing Yi, as at all our 133 manufacturing locations world-wide, we go to great lengths to ensure that our plants – whether they produce chemicals, plastics, metals, consumer products, agricultural chemicals or pharmaceuticals – are safe, efficient and environmentally sound.

Having lived and worked here for over 30 years, this is Dow's commitment to Hong Kong.
